

Human papillomavirus (HPV)

Vaccination consent form

The HPV vaccine that protects against cervical cancer is being offered to your daughter at her school. The leaflet that accompanies this form tells you and your daughter about the HPV vaccine. To get the best protection, it is important that she receives two injections. The second injection will be offered six to 12 months after the first (although it can be given up to 24 months after). Your school will inform you about the specific timing of the second dose which is being decided locally. The leaflet 'Your guide to the HPV vaccination from September 2014' which accompanies this form includes more information about the vaccine. Please discuss this with your daughter, then complete this form and return it to the school before the vaccination is due to be given. Information about the vaccinations will be put on your daughter's health records, including records at her GP's surgery and held by the NHS. If you have more questions, please contact the school nurse or other health professional. For further information go to www.nhs.uk/hpv
